Section 1: Identification

Product Name	Enriching Liquid Eyeliner
Product Type	Finished Good for Consumer (Retail) Use Only
Recommended Use	This product is an eyeliner cosmetic.
Distributor Name	Elixir Cosmetics, LLC
Distributor Address	631 North 400 West, Salt Lake City, UT 84103
Distributor Phone Number	(888) 831-9050
Emergency Phone Number	(888) 831-9050

Section 2: Hazards Identification

General Hazards	This is a personal care or cosmetic product that is safe for consumers under the intended and reasonably foreseeable use.
OSHA Regulatory Status	Consumer Products as defined by the U.S. Consumer Product Safety Act which are used as intended (typical consumer duration and frequency) are exempt from the OSHA Hazard communication standard.
Principle Route of Exposure	Eye Contact
Physical Hazards	Spilled material is slippery.
Additional Information	Additional information on toxicological endpoints is available from the supplier upon request.
Potential Health Effects	
Eyes	Not expected to be irritating to the eyes when used as intended. If irritation occurs following intended use or prolonged contact it is expected to be mild and transient.
Skin	Not expected to be irritating, sensitizing, photo allergenic or phototoxic when used as intended. If irritation occurs following intended use or prolonged contact it is expected to be mild and transient.
Inhalation	Not expected to be irritating to the respiratory systems. Limited inhalation exposure anticipated for the product form.
Ingestion	Product used as intended is not expected to cause gastrointestinal irritation. Accidental ingestion of undiluted product may cause mild gastrointestinal irritation with nausea, vomiting and diarrhea.

Section 3: Composition / Information on Ingredients

Hazardous Ingredients	This product contains no hazardous ingredients.
Ingredients	Water/Aqua/Eau, Iron Oxides (CI 77499), Styrene/Acrylates Copolymer, Butylene Glycol, Glycerin, CI 77266 (Nano), Caprylyl Glycol, PVP, Xanthan Gum, Sodium Dehydroacetate, Glyceryl Caprylate, Dipropylene Glycol, Disodium EDTA, Sodium Cetearyl Sulfate, Ethylhexylglycerin, Phenoxyethanol, EDTA, Benzoic Acid, Myristoyl Pentapeptide-17, Sodium Benzoate.

Section 4: First-Aid Measures

General Advice	No hazards which require special first aid measures. When symptoms persist, or, in doubt, seek medical advice.
Eye Contact	Rinse the effected eye with running water for 15-20 minutes. If irritation persists, call a physician. If the eye is accidentally scratched with application brush, consult a physician immediately.
Skin Problem	Discontinue use of product. Apply cold compresses to affected areas to relieve any discomfort. If discomfort persists, consult a physician.
Inhalation	If respiratory irritation occurs, remove individual to fresh air.
Ingestion	Accidental ingestion of product may necessitate medical attention. In case of accidental ingestion dilute with fluids (water or milk) and treat symptomatically. Do not induce vomiting.
Note	After first aid treatment, 1) a hospital emergency room or family physician should be consulted if anything unusual occurs or appears necessary in the judgment of the caller, and 2) that the subsequent management of the accident should be dictated by any persistent symptoms and under the direction of the Notes to Physician: Treat symptomatically.

Section 5: Fire-Fighting Measures

Flash Point	This material is non-combustible.
Suitable Extinguishing Media	Use chemical foam, dry chemical, water or extinguishing measures that are appropriate to local circumstances and the surrounding environment.
Firefighting Instructions	Contact emergency personnel. Use self-contained breathing apparatus and full protective gear, if large quantities of product are involved. Hazardous decomposition products may be released. Thermal degradation may produce oxides of carbon and/or nitrogen; hydrocarbons and/or derivatives. Thermal degradation may also produce oxides of silicone.

E L I X I R

Section 6: Accidental Release Measures

Personal Protection	Wear goggles and gloves if long term exposure to large amounts of product is anticipated.
Environmental Hazards	Not determined
Small Spill Cleanup	Soak up spilled product with absorbent and dispose in a landfill in accordance with federal, state and local regulations.
Large Spill Cleanup	Cover drains. Soak up spilled product with absorbent and dispose in a landfill in accordance with federal, state and local regulations.
CERCLA RQ	There is no CERCLA Reportable Quantity for this product.
Household Cleanup	There are no unusual handling or cleaning requirements for this product.

Section 7: Handling and Storage

Handling	
Household Setting	There is no unusual handling required for this product.
Non-Household Setting	There is no unusual handling required for this product.
Storage	
Household Setting	Keep container closed. Store in dry area at temperature between 45-85F.
Non-Household Setting	Store in a well-ventilated, cool area.

Section 8: Exposure Controls / Personal Protection

Household Setting	This is a personal care or cosmetic product that is safe for consumers and other users under normal and reasonably foreseen use.
Non-Household Setting	Use safety glasses or safety goggles if splash hazards exist; use gloves and other protective clothing (apron, close-toed shoes, mask, etc.) to prevent skin contact. Always follow good hygienic work practices.

Section 9: Physical and Chemical Properties

Physical State	Viscous Fluid
Color	Black
Odor	Characteristic
Appearance	Viscous Fluid
Characteristic pH	7.0 - 8.0
Specific Gravity	1
Solubility in Water	Soluble
Flash Point	Non-flammable
Data Points that are Not Applicable for This Product	Upper/lower flammability or explosive limits; Boiling point; Vapor pressure; Odor threshold; Vapor density; Relative density; Melting point/freezing point; Partition coefficient; Decomposition temperature; Viscosity

Section 10: Stability and Reactivity

Stability	The chemical is stable under normal ambient temperature and conditions.
Reactivity	This chemical is non-reactive.
Other	There are no known conditions to avoid. There are no anticipated hazardous decomposition products that could be produced because of use, storage, or heating.

Section 11: Toxicological Information

Toxicological Overview	This is a personal care or cosmetic product that is safe for consumers and other users under intended and reasonably foreseeable use. Additional information on toxicological endpoints is available from the supplier upon request.
Principal Routes of Exposure: Skin and Eye Contact	Eye cosmetics in a scratched, infected or irritated eye and scratches from eye cosmetic applicators can lead to eye damage and in extreme cases even blindness. If your eye is scratched, infected or irritated, stop using all eye cosmetics and see an ophthalmologist (eye doctor) immediately. To safeguard purity of the product and applicator: (1) Always handle and apply in a careful and sanitary manner; (2) Do not share with others; (3) Do not dilute with any additive; (4) Do not rest the applicator on any surface or use an old applicator in a new case; (5) Cap tightly after each use.
Chronic Effects	This product is not expected to cause chronic health effects.
Target Organs	No adverse health effects on target organs expected for this product.
Carcinogenicity	This product is not expected to be carcinogenic.

E L I X I R

Section 12: Ecological Information

Ecotoxicity	The product ingredients are expected to be safe for the environment at concentrations predicted under normal use and accidental spill scenarios. Packaging components are compatible with the conventional solid waste management practices.
-------------	--

Section 13: Disposal Considerations

Waste Disposal Methods	Disposal should be in accordance with Federal, State/Provincial and Local regulations. Contaminated Packaging: Dispose of in accordance with local regulations. Sewage disposal is discouraged. See also Section 8: Exposure Controls / Personal Protection
------------------------	---

Section 14: Transport Information (non-mandatory)

Finished product transported by ground (ADR/RID)	Non-hazardous
Finished product transported by vessel (IMO)	Non-hazardous
Finished product transported by air (IATA)	Non-hazardous

Section 15: Regulatory Information (non-mandatory)

Finished cosmetic products for consumers are regulated by the Directive UE 1223/2009 are not subject to the application of the Regulation (EC) 1272/2008 on classification, labelling and packaging of substances and mixtures, (CLP) and Directive 1999/45/CE relating to the classification, packaging and labelling of dangerous preparations. Furthermore, Regulation 1907/2006 (REACH) (4) excludes finished cosmetic products from application of disposition described in the Title IV of the Reach, and precisely disposition of article 31 (Material Safety Data Sheet) and article 32 (other information when the MSDS is not required). Compliance to the Directive UE 1223/2009 implies that a safety evaluation for human use is not prepared for every finished cosmetic product.

Section 16: Other Information

This SDS was revised on 1/11/2022. Formatting was updated, and some copy was adjusted for clarity. A non-hazardous ingredients statement has been added to Section 3: Composition / Information on Ingredients.
